Chapter 1: Humble Beginings

Perry Martin wanted to play half life really bad. Problem was Black Mesa would take a 3.8 gig toll on his crappy, bad maintained internet, so he decided to consider buying half life. Suddenly, a user called XxTzna101xX wanted to friend him. He had a picture of the Gman from half life. Perry friended Tzna. Tzna opened a trade window and offered a copy of half life. Tzna checked the ready to trade box, and Tzna said, take it, you got it through a raffle from VULTURIS. Perry checked the ready to trade check box, and Perry clicked the make trade button. After a long and cumbersome download of halflife, he hit the play button. Suddenly, he felt drowsy and went to sleep, swearing he saw something at the upper right corner of his eye.

Perry hits the thing with the stick, and the stick starts glowing. It instantly kills the strange thing. Perry gets up, and starts walking. He sees a Zombie of sorts, and hits it a couple of times.
